With the election of President Donald J. Trump, the United States had its 45th president. With the invention of the 1911, the United States had its legendary .45 caliber pistol. It is only fitting that these two icons should be combined, in the "Trump 45" commemorative 1911 pistol.

President Trump has voiced strong support for the Second Amendment, speaking at the NRA conventions, and promising to defend the Right to Keep and Bear Arms with a determination that has not been seen in the White House for decades. Kahr Firearms Group extends our thanks to the President for his staunch defense of American shooters with this special edition 1911. Together we will work to make America great again!

The "Trump 1911" starts as a 5" Thompson Custom 1911, chambered in .45 ACP. Its slide and frame are stainless steel, with Thompson medallion inlaid wood grips. The pistol features combat sights, full length guide rod, high sweep beavertail, skeletonized trigger, checkered front strap, and match grade barrel. Engraved on the right side is "Donald J. Trump" with the number 45, and the Seal of the President of the United States. On the left side is a picture of President Trump, the White House, and his slogan "Make America Great Again". "Fly Girls"

CUSTOM 1911

As part of Auto-Ordnance's ongoing series of custom 1911s paying tribute to the men and women who supported America's drive towards victory in World War II, we are proud to introduce the "Fly Girls" 1911. This custom pistol honors the Women Airforce Service Pilots (WASPs) who played a vital role in the war effort.

Over 1000 women served as pilots during WWII, taking on vital roles operating aircraft in non-combat positions so their male counterparts could directly engage the enemy. These women aviators were pioneers in the profession, facing all of the risks and challenges shared by pilots of the time period. By war's end, 38 had given their lives in service to their country.

Auto-Ordnance is proud to honor the dedication and sacrifice of the WASPs with this beautiful engraved and finished custom 1911 pistol!

"SQUADRON"

CUSTOM 1911

The latest custom 1911 in Auto-Ordnance's WWII commemorative series is the "Squadron" model. This pistol features custom graphics reminiscent of those painted on fighter aircraft during the war. Auto-Ordnance "I STAND" CUSTOM 1911

In a time period where some in America may have forgotten the true meaning of sacrifice, Kahr Firearms Group is paying tribute to those who truly gave all for America. The "I Stand" 1911 honors all those who sacrificed their lives in the service of our country. For this reason, the phrase "All Gave Some, Some Gave All" is engraved on the dust cover.

At Kahr Firearms Group, we stand for the National Anthem, and behind the men and women who keep us free. Thus the words "I Stand" are engraved on the right side of the slide. "Freedom Is Not Free" is engraved on the left side of the slide, a powerful reminder of the many who have paid the ultimate price for our freedom. The American Flag is on the right grip, and the left grip depicts a battlefield memorial for a fallen warrior. The finish is a worn Cerakote in black and gray. Underneath is the same made in the USA, Auto-Ordnance GI 1911 that you know and trust.

Each pistol is a 5", GI pattern 1911, chambered in .45 ACP. The slide, sear, and disconnecter are machined from solid bar stock, properly heat treated for many thousands of rounds of reliable shooting. The sights, safety, trigger, and beavertail are GI pattern. Unlike GI guns, all Auto-Ordnance 1911s are precisely machined to modern standards. This guarantees that the GI 1911 may look like the original, but will shoot with a degree of accuracy far superior to the military guns.

Owning the "I Stand 1911" gives the modern shooter a chance to own a piece of history, while making a powerful statement in support of the brave Americans who paid the ultimate price preserving our freedom.

WWII THOMPSON

Thompson®

- ▶ Barrel: 16.5", Smooth
- ▶ Length: 38" overall
- ▶ Weight: 11.5 lbs

- ▶ Stock: Walnut fixed stock with U.S. logo and vertical foregrip

"Built like a tank" is a phrase that has entered the American lexicon as a means to describe hardware that is durable, strong, and nearly indestructible. The term may have originated in describing armored fighting vehicles, but it also clearly describes the Tommy Gun. It is only fitting then that Auto-Ordance continue the series of WWII commemorative guns with the "Tanker Thompson", dedicated to the memory of the brave American soldiers who faced the enemy in steel chariots like the M4 Sherman Tank. Nearly 50,000 Shermans were produced during World War II, seeing action primarily in Europe against Nazi Germany. Just like the Thompson, these Shermans were a vital part of the war effort. The crews that took them into harm's way were often outgunned by German tanks, but nevertheless took the fight to the enemy and achieved victory despite the odds.

Auto-Ordance is proud to honor America's armored warriors with this commemorative Thompson. Each Tanker Thompson is Cerakoted in Army O.D. Green. The white star of the Sherman Tank is engraved just in front of the magwell. The "U.S." logo is engraved on the buttstock. Like every Thompson, the gun is all steel with high grade walnut furniture. The 16.5" barrel is exceptionally accurate.

Owning the Tanker Thompson gives the modern shooter the opportunity to own a piece of history, while honoring the memory of the brave tank crews who delivered on America's promise to achieve final victory in World War II.
