Each custom firearm is a unique work of art containing hand created content. As a result, no two firearms are exactly alike, and features may vary between individual pieces. Final products may not exactly match depictions in advertisements.

Due to popular demand, Auto-Ordnance is once again releasing the WWII commemorative series "Squadron" 1911! This pistol features custom graphics reminiscent of those painted on fighter aircraft during the war. The muzzle displays the "shark mouth" nose art often seen on American fighter planes like the P-40 Warhawk. The Army Air Corps insignia is on both sides, and a rivet pattern engraved over the gun. The finish is a highly durable, worn black and gray Cerakote. The overall appearance makes for a pistol that looks like a WWII fighter plane getting ready to race into the skies hunting bandits!

Auto-Ordnance is proud to offer this latest custom 1911 in honor of the pilots who flew in defense of our nation during WWII. May their bravery and sacrifice always be remembered!
