Each custom firearm is a unique work of art containing hand created content. As a result, no two firearms are exactly alike, and features may vary between individual pieces. Final products may not exactly match depictions in advertisements.

Auto-Ordnance is proud to present the 250th Anniversary Navy Commemorative 1911. Celebrating a quarter-millennium of naval supremacy, this firearm is a tribute to the sentinels of the sea who have defended our nation's shores and interests across the globe. This is more than just a pistol; it is an heirloom forged in steel, blending the timeless design of the classic 1911A1 with custom details that tell the story of American valor.

This stunning pistol immediately commands attention with its unique, multi-toned Cerakote finish. A base of Arctic White and Savage Stainless gives the frame and slide a clean, brilliant sheen, creating a perfect canvas for the historic engravings. To give each marking exceptional depth and contrast, the areas in and around the engravings are carefully dusted with Armor Black. This meticulous process makes the proud "NAVY" on the left side and the gold-highlighted "250 YEARS" emblem on the right stand out with striking clarity. The sharp, black-finished trigger, hammer, and safeties complete the professional look.

The genuine hardwood grips feature a beautifully detailed, laser-engraved portrait of John Paul Jones on the right panel, the "Father of the American Navy." His determined gaze serves as a powerful reminder of the defiant spirit and unwavering resolve that has defined the Navy since its inception. The top of the slide is engraved with colors and designs depicting the Navy Dress Uniform.

Built on the proven and reliable Auto-Ordnance 1911A1 platform and chambered in .45 ACP, this firearm is as functional as it is beautiful. This semi-automatic, single-action pistol is a fitting tribute for any sailor, veteran, or collector who respects the grand traditions and heroic legacy of the Navy.
