IWO JIMA M1 CARBINE

Shown AOM140C4

Commemorate the 80th Anniversary of the Battle of Iwo Jima with this special edition M1 Carbine from Auto-Ordnance and the artists at Altered Arsenal. Each commemorative gun is a meticulously crafted rifle that pays tribute to the unwavering bravery and sacrifice of those who fought on the black sands of the island.

Its beautifully detailed wood stock is deeply engraved with iconic imagery and sentiments to honor this monumental conflict. The individual names of many of the thousands of American servicemen who lost their lives in the battle are engraved on the stock.

The front bears the solemn phrase "HONORING THE FALLEN," while the rear stock features stunning depictions that evoke the spirit of the battle, including the legendary flag raising on Mount Suribachi, a map of the battle, military symbols, and a prominent 80th Anniversary commemorative medallion.

Maintaining the historical accuracy and quality that made the original M1 Carbine a legend, this limited edition rifle is more than just a firearm; it is a powerful artifact for collectors, historians, and anyone who wishes to own a piece of history and honor the enduring legacy of Iwo Jima.

Chambered in .30 Carbine, two versions are available, the AOM130C4 with one 15 round magazine; and the AOM140C4 with one 10 round magazine.
